

PAKISTAN — THE STORY WE INHERITED

FINAL REVISED CHRONOLOGICAL STORYBOARD

1947 — 2026 • CLEAN SEQUENCE • NO M-5 • 2026 DIPLOMACY ADDED

**WE INHERITED THE STORY.
WHAT WE BUILD NEXT BECOMES
HISTORY.**

REVISION CHECK

- ✓ Added the 2026 Iran-US conflict / Pakistan mediation chapter.
- ✓ Removed the Multan-Sukkur Motorway (M-5) entry.
- ✓ Kept every dated beat in chronological order.
- ✓ Avoided repeating the same achievement in multiple timeline positions.
- ✓ The 2026 wording says Pakistan facilitated/mediated dialogue and ceasefire efforts, rather than claiming Pakistan single-handedly ended the conflict.

2026 SOURCE NOTE

Pakistan's Ministry of Foreign Affairs reported that Islamabad facilitated engagement and dialogue between Washington and Tehran and hosted the April Islamabad talks. Pakistan's National Assembly and Presidency later described the June Islamabad MOU as extending the ceasefire framework. Independent analysis also describes Pakistan as a mediator/facilitator.
